

Work-life balance

Toyoda Gosei Co., Ltd. is adopting a system wherein each employee can select a working style with consideration of work-life balance, supporting employees so that they can work with a sense of security and motivation. Support to balance childcare and work includes systems for shorter working hours and holiday day-care, plus working parent networking events. For these efforts we have been certified by the Ministry of Health, Labor and Welfare as a “Childcare Support Corporation.” For nursing care support we are also undertaking activities to increase knowledge and familiarize employees with our systems. We have established new systems for reduced days or reduced working hours so that patients can undergo treatment for disease while continuing to work, and for a balance between medical care and work.

We will provide education for the creation of workplace environments where people can use these systems without hesitation, while continuing to enhance our support and policies.
