

Internal controls for the Toyoda Gosei Group

To cultivate a healthy internal control environment at Toyoda Gosei and its subsidiaries, all Group companies share its management philosophy. The Toyoda Gosei Group Charter for Business Ethics, a shared guideline for compliance, has also been instituted and expanded to subsidiaries. While respecting the independence of subsidiary management, we receive regular business

reports from subsidiaries and set up systems to confirm the propriety and legality of subsidiaries' businesses through advance approval reports. We also send non-executive directors and Audit & Supervisory Board members to key subsidiaries in a system to monitor and act as a check on their business execution.

Corporate governance system

Internal audits, Audit & Supervisory Board members' audits, and accounting audits

We have set up an Audit Division to handle internal audits. With the aims of achieving business objectives and preventing misconduct and mistakes, internal audits are conducted across the overall business (including audits of functional departments) based on an internal auditing plan approved by management at the beginning of each term.

The results of internal audits are reported to management, and audited departments are given recommendations for improvements based on the audit results. The effectiveness of internal audits is increased by checking their improvement plans and results.

Each Audit & Supervisory Board member follows the auditing policy and audit plan established by the Audit & Supervisory Board when investigating the company and subsidiaries. They attend the meetings of important deliberative bodies and committees including the Board of Directors, division chief meetings and management meetings, listen to reports on business from directors

and others, inspect financial statements and other important documents, and conduct onsite audits of offices and subsidiaries to audit the performance of duties by directors from the perspectives of ensuring legality and appropriateness, protecting assets and rights, and preventing loss. Moreover, a special department has been established to assist the auditors' audits.

The certified public accountants who performed the FY2020 accounting audit of Toyoda Gosei are Tomohiro Nishimura and Satoko Nakatani of PricewaterhouseCoopers Aarata LLC.

Audit & Supervisory Board members, internal auditing department personnel, and accounting auditors regularly meet to confirm their respective auditing systems, auditing policy, auditing plans, implementation status, and audit results. They cooperate in performing efficient and effective audits, contacting each other as needed to exchange ideas and share information.
